

AMENDMENTS

Please amend the application as indicated hereafter.

In the Claims

Please substitute the following clean copy text for the pending claims of the same number, and cancel ~~claim 19~~ without prejudice, waiver, or disclaimer.

u1

1. (Once Amended) An integrated circuit comprising:
a first port for outputting a signal;
a second port for receiving said signal;
a common area comprising an alignment link for electrically connecting said first port with said second port;
said first port extends directly into said common area from a first area;
said second port extends directly into said common area from a second area;
and
said alignment link comprises a signal buffer for buffering a signal traveling along said alignment link between said first port and said second port.

ar

17. (Once Amended) An integrated circuit comprising:
a first port for outputting a signal;
a second port for receiving said signal;
a common area comprising an alignment means for electrically connecting said first port with said second port;
said first port extends directly into said common area from a first area; and
said second port extends directly into said common area from a second area.
